Each LED unit utilizes 3 watt LEDs and are available in solid colors. Colors flash simultaneous

- 1).Model no.:LTD-978W/R
- (2).Strengthen coat PC cover with UV protector
- (3).Surface mount with chrome base,wide angle LED's with redesigned spreader optic lenses
- (4).Total of 16pcs 3W LED surface mounted
- (5) Weather and vibration resistant
- (6) DC12V
- (7) 16 patterns
- (8) 4 wires for simple set-up - 1 pos, 1 Neg, 1 sync, 1 pattern
- (9) All light with 12inch wire
- (10) Rated for 100,000 hours operation
- (11) All LED's are encapsulated for heavy-duty performance
- (12)Average current draw: 500mA at 12.8V DC
Max current draw: 700mA at 12.8V DC
- (13)IP65
- (14)Can be synchronized to work together with other lighted
- (15)Can be mounted in grilles,bumpers,dash, deck, or other place
- (16) Red,Blue,Amber,White,Green LEDs and Color Lenses options

The Micro Carbine Off Road LED Surface Mount/Work Light, the perfect LED work light for any vehicle in 3-watt LEDs Powerful LED, with flat and curved rubber bases included for installation.

- (1). Model no.: LTD-0372
- (2). Strengthen coat PC cover and rubber base
- (3). Improved high intensity LED modules
- (4). Total of 3pcs 3W LED surface mount light
- (5) Weather and vibration resistant
- (6) Rated for 100,000 hours operation
- (7) 15-watts intensity
- (8) 570 Lumens
- (9) DC 10V-30V
- (10) Amp Draw: 12V=0.3A , 24V=0.16A
- (11) Waterproof IP67 housing
- (12) steady burn
- (13) Dimension: 2.75" L x 1.5" H x 0.5" D

LTD-0372

The LED Surface mount lights designed with 3-watt LEDs with 180-degree light dispersion

Features:

- 2 Year warranty
- Single or split color models
- Powered by 12V
- Cree LED Technology
- Tir Optics
- 12 Total 3-watt Gen. IV LEDs
- 13 available flash patterns
- Combination models have 180° wide-angle warning, illumination
- Non-volatile memory recalls last flash pattern
- Lifespan of up to 100,000 hours
- Includes 1 foot of cable
- Weather-proof housing
- Dimensions: 6" L x 2" H x 2.75" D

LTD-M5002

The 180-degree spread Surface mount lights contains 6 of our 3-watt Tir optics perfect for use on any emergency or custom vehicle. Easy to mount on your grille or exterior.

Features:

- 2 Year warranty
- Single or split color models
- Powered by 12V
- Cree LED Technology
- Tir Optics
- 6Total 3-watt Gen. IV LEDs
- 26 available flash patterns

- Non-volatile memory recalls last flash pattern
- Lifespan of up to 100,000 hours
- Includes 1 foot of cable
- Weather-proof housing
- Dimensions: 4.9" L x 1" H x 1.5" D

LTD-1008

Using the state-of-the-art Gen IV LED technology it illuminates a powerful ray of light, which can be seen in any direction even in clear daylight. Fully encapsulated and fully waterproof, all LED modules and flasher boards are epoxy coated, keeping it harmless from all weather conditions. Each LED unit uses 3 watt LEDs with colors flashing simultaneous or alternating with different flash patterns. They can be synchronized to work together with many other LED modules. The size of these light heads allows them to be mounted in several locations such as: grilles, bumpers, dash and deck.

Each LED unit utilizes 3 watt LEDs and are available in solid colors. Colors flash simultaneous

LTD-3826

These lights are the brightest and most innovative surface mount LED light on the market. This unit is both aesthetically appealing and ultra bright! Once again we are becoming the proving grounds for innovation, quality and best price. This unit comes equipped with 10 Linear LED modules. This light and mount is designed to fit in most vehicles. Each LED unit utilizes 10 3 watt LEDs. Colors flash simultaneous or alternating with 12 different patterns. They can be synchronized to work together with many other LED modules. The size of these light heads allow them to be mounted in numerous locations.

BEACONS

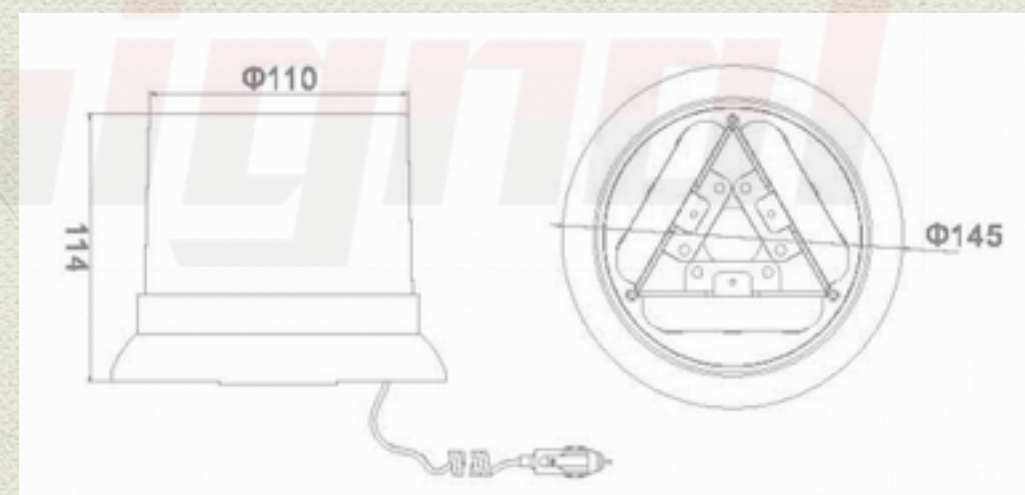

The Patrol LED Beacon is one of the most compact yet powerful LED warning beacons on the market. With an IP65 weather-proof rating and optional pole/magnetic mount options, you will be confident this small beacon light will hold up in any environment.

SELO designed this warning beacon to make it usable in any situations whether it be emergency, public safety, construction, security and more. With 18PCS intense 3-watt LEDs, the flash coming from such a small light is amazing.

Offered with an optional 9 feet of cable and cigarette plug, installing this unit couldn't be easier. Simply mount it to the roof, run your cabling, and you're ready for work.

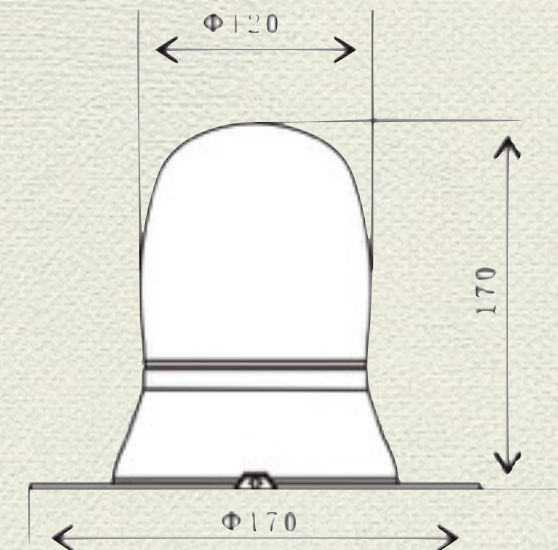

LTD-2130

The Patrol Rotator Beacon is one of the most classic and cost-effective warning beacons on the market. With an IP65 weather-proof rating and optional pole/magnetic mount options, you will be confident this small beacon light will hold up in any environment. SELO designed this warning beacon to make it usable in any situations whether it be emergency, public safety, construction, security and more. With 23W/35W halogen bulbs, the flash coming from such a small light is dazzling. Offered with an cigarette plug, installing this unit couldn't be easier. Simply mount it to the roof, run your cabling, and you're ready for work.
